

LEANDER MENA | F&B OPERATIONS CONSULTING

F&B Operations Consulting

Senior operational leadership, on-site and remote

A monthly engagement where I step in as your interim Director of Operations or F&B Director, typically 2 to 4 days a week on-site, and stay until your team runs the systems on its own.

THE PROBLEM

Operational drift is quiet until it is expensive

Labor creeps up, standards loosen, managers turn over, and the owner ends up running the floor again. Most groups do not need another report. They need an experienced operator inside the building.

I have run two restaurants at the same time for V&E Hospitality, managed in-room dining for Miami hotels with 5,000+ rooms against a 30-minute delivery standard, and centralized purchasing at Pullman Miami Airport to save more than \$180,000 a year.

I do my best work on the floor with the team, and I stay until the new systems run without me.

THE METHOD

How the work runs

Each engagement follows the same arc, with weekly check-ins and a clear handoff.

PHASE 01

Assess

Two weeks on-site: P&L review, labor model, service walkthroughs, and manager interviews.

PHASE 02

Rebuild

Install SOPs, labor scheduling, purchasing controls, and training. Weekly P&L action plans.

PHASE 03

Hand Off

Develop your managers to own the systems, then step back with 30-60-90 day reviews.

20 YEARS ON THE FLOOR

20

years in hospitality

1,800

guest hotel grand opening

5,000+

hotel rooms served in-room
dining

\$180K+

saved per year in purchasing

SERVICES

What is included

01 On-Site Leadership

Two to four days a week in the operation, leading pre-shifts, service, and manager meetings.

02 Weekly P&L Review

Prime cost, labor, and sales reviewed every week with a written action plan.

03 SOP Development

Procedures and checklists drawn from a 25-SOP library, tailored to your operation.

04 Team Training and Development

Manager coaching and staff training programs built to keep people.

05 Vendor and Cost Optimization

Purchasing consolidation, vendor negotiation, and order guide resets.

06 Owner Reporting

Monthly reporting so ownership sees the numbers and the progress clearly.

WHAT I LOOK FOR

Where I look first

Leadership stability

Manager turnover is usually the root cause. I look at who is leading each shift and why people leave.

Labor model

Scheduling against real covers, not habit.

Prime cost

Food, beverage, and labor together, by week, against the budget.

Service standards

Are the steps of service written down, trained, and checked?

Systems

POS, purchasing, and scheduling tools set up to support managers instead of slowing them down.

The findings set the priorities. Quick wins come first so the team feels progress early.

Engagement options

ENGAGEMENT	SCOPE	TIMELINE
Operations Assessment	Two-week on-site review with written findings and priorities.	2 weeks
Monthly Retainer	On-site leadership 2 to 4 days a week plus remote support.	3-month minimum
Multi-Unit Oversight	Full operational oversight across several locations.	Monthly, scoped

THE GROUNDWORK BINDER

What you keep

At handoff you keep every system we built:

- Custom operations manual
- Labor model and scheduling templates
- Cost reduction analysis
- 30-60-90 day progress reviews
- Handover documentation for your managers

Investment

Starting at \$7,000/month

3-month minimum. \$22,000/month for full multi-unit oversight.

IDEAL FOR

Who this fits

- Independent restaurants hitting a plateau
- Multi-concept groups with operational drift
- Hotel companies in transition
- Investors who acquired hospitality assets

Next step

Book a discovery call. We will look at your numbers together and decide if this is the right fit.
